SUMMARY

Junior Frontend & Fullstack Developer with hands-on experience building responsive web applications. Skilled in React.js, Python Flask, REST APIs, and clean UI/UX design. Strong foundation in full project life cycle development, eager to contribute to team success through creativity, collaboration, and problem-solving.

PROJECT

Task Manager (Fullstack CRUD App)

- Built a CRUD app using React (frontend) and Flask (backend) with Python for task operations.
- Integrated REST API for data persistence and implemented clean UI design.

Rugby Fantasy League

- Designed a fantasy league web app with login/auth, player selection filters, and custom scoring.
- Backend developed in Flask, storing teams via JSON; frontend with HTML, CSS, React.

Daily Weather Dashboard

- Real-time weather dashboard built with React and OpenWeather API.
- Implemented localStorage to save user preferences and styled UI with CSS.

EDUCATION

Matriculated

Springs Boys' High School
